Map of Russia

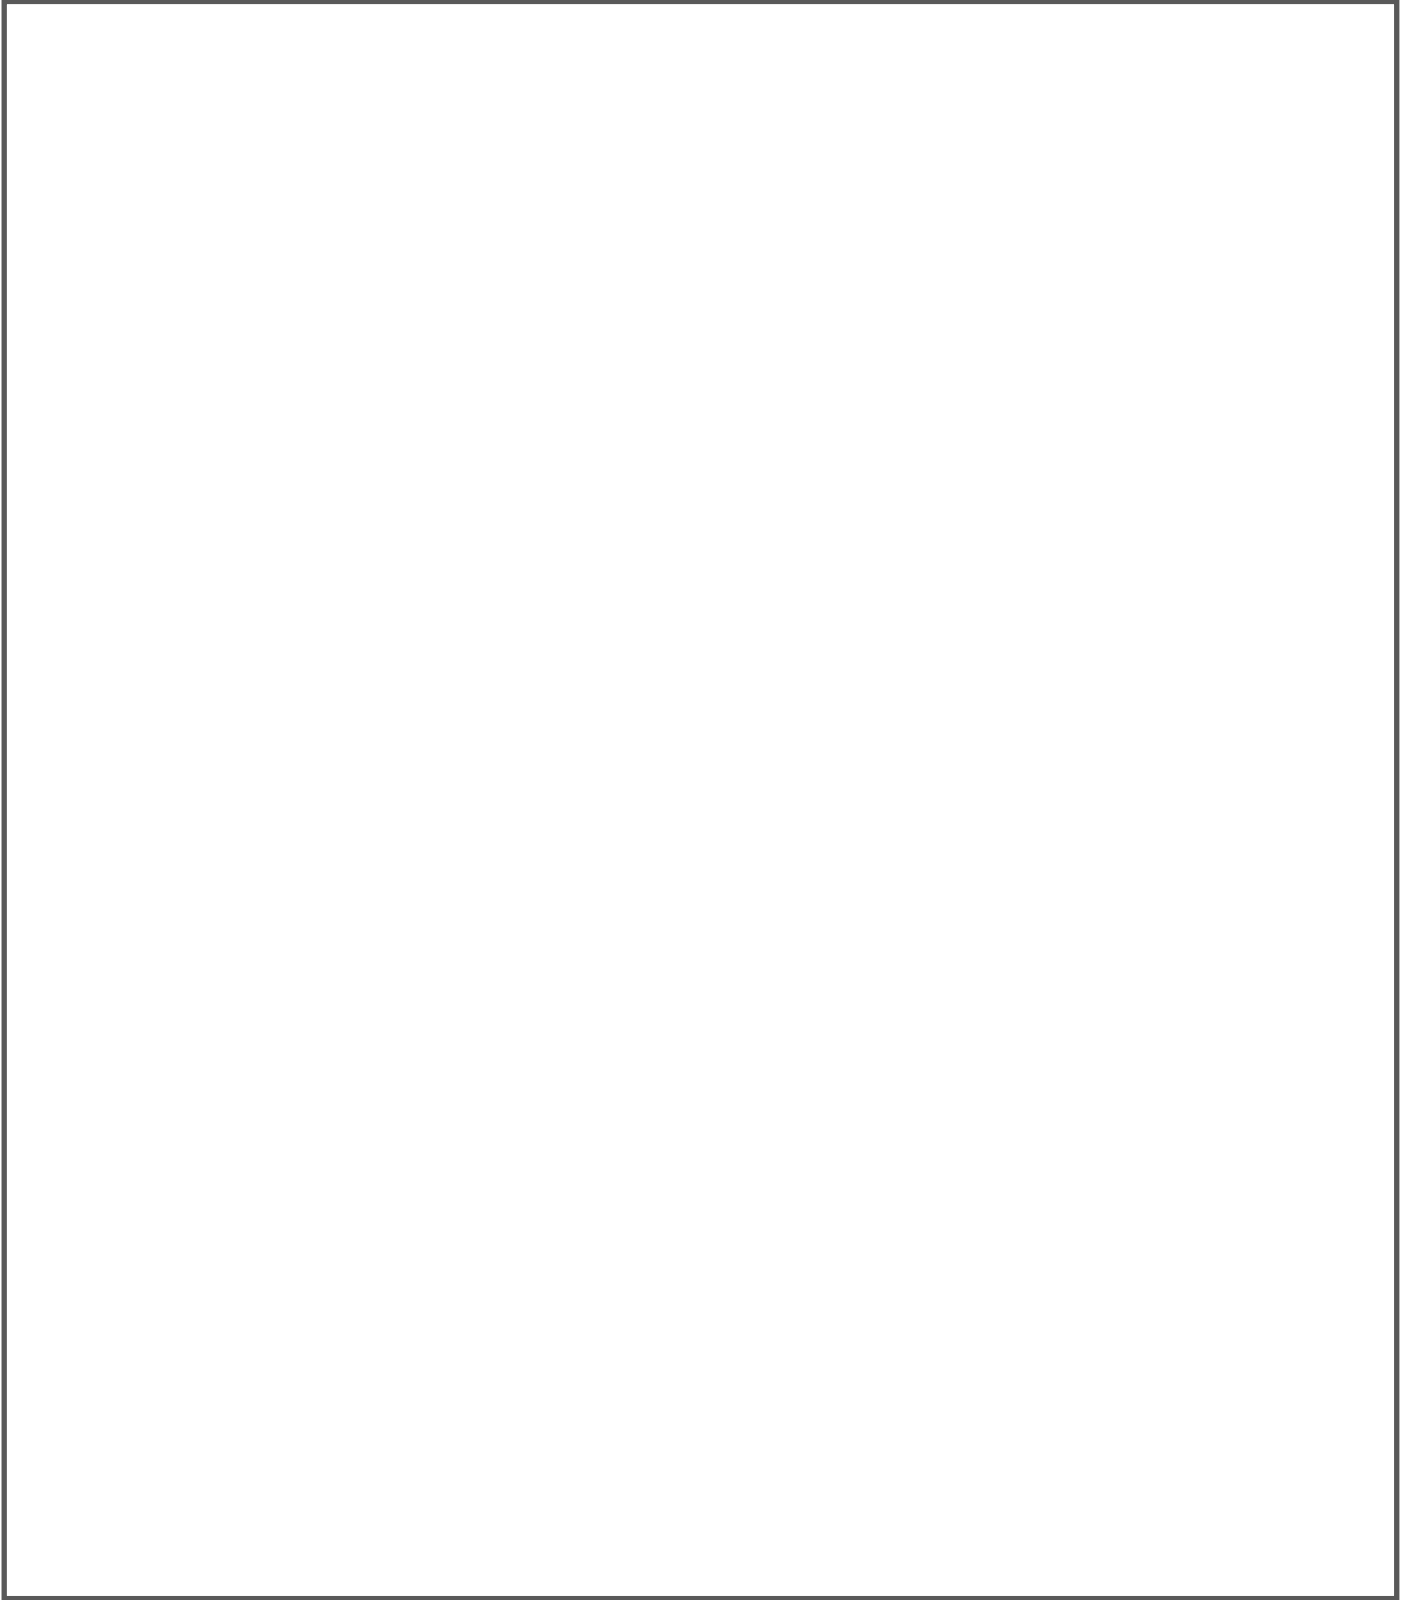

Look at an atlas a globe or Internet maps of Russia. Can you see how far away it is from where you live? Is it further North, South, East or West?

Mark where St Petersburg is on the map.

Then find the capital city, Moscow and mark that too.

Design a Sled for Feo to enter St Petersburg's gates.

What would you tell someone else about this story?

Fill in the speech bubble and draw your face below it.
